### NAMED THE WINNERS.

Saturday's Primary Election Selects the County Candidates,

### WHO WILL WIN AT THE POLLS.

Col. Geo. W. Veale Chosen for Representative in the City District—J. Lee Knight Turned Down.

County Attorney.....H. C. Safford  
 Probate Judge.....J. G. Wood  
 Clerk of the District Court.....E. M. Cockrell  
 County Superintendent.....W. H. Wright  
 County Commissioner.....T. P. Rodgers  
 Rep. 35th District.....Geo. W. Veale  
 Rep. 36th District.....A. C. Sherman

The above is the list of Republican candidates nominated at Saturday's primaries. The returns in are not entirely complete, but enough is known to show these candidates are the nominees.

H. C. Safford received a majority over A. P. Jetmore for county attorney of 643 in the city, and the vote in the country increases that majority.

The vote on probate judge was divided between seven candidates. J. G. Wood led, with John L. Guy a close second in the race. It is possible that the counting of the official returns by the county central committee will change the result, but Mr. Guy has given up the fight and admits the nomination of Wood. There were less than thirty votes between the two in the city, but Wood's vote in the country will undoubtedly give him the nomination.

The contest for the nomination for the office of clerk of the district court was clearly between E. M. Cockrell, who is nominated, and Dr. A. M. Callahan, who received a very large vote. This was a surprise to many old politicians. The other three candidates had about the same strength. Chesney fell below what was expected of him.

For county superintendent, W. H. Wright, the present incumbent, was re-nominated without opposition. He received the full party vote.

For representative in the city district Col. Geo. W. Veale was nominated over Mr. R. B. Welch by an even majority of 400.

The vote was as follows: Veale—Second ward 595; Third ward 476; Fourth ward 589; total 1,470. Welch—Second ward 207; Third ward 447; Fourth ward 416; total 1,070.

For county commissioner T. P. Rodgers was nominated over J. Lee Knight by a clean majority of 1,393. Mr. Rodgers' majority was more than twice and almost three times as large as Knight's vote. The vote on commissioner in detail was as follows:

Rodgers—Second ward 577; third ward 707; Fourth ward 616; total 1,900. Knight—Second ward 173; Third ward 177; Fourth ward 157; total 507.

In the north representative district A. C. Sherman was nominated over C. A. Starbird by a large majority.

At 2 o'clock this afternoon Secretary C. D. Watson of the county central committee had received returns from every precinct in the county except Linn Creek.

The returns now in which can not be materially changed give J. G. Wood a plurality of 70 votes over John L. Guy for probate judge and E. M. Cockrell's plurality for clerk of the district court is increased to about 250.

Harry Safford's majority for county attorney has been increased by the returns from every county precinct.

The Australian system of primary elections was voted as the favorite with a majority of the voters and that system will hereafter govern Republican primaries.

The county central committee will meet Wednesday to canvass the vote, announce the nominees and reorganize the committee for the campaign.

### THE REPRESENTATIVE.

Col. Veale Declares He Has Made No Pledges.

Col. Veale, for sixteen years a member of the legislature from this county has been nominated by the Republicans as their candidate for representative in the thirty-sixth district.

He is about as sure of election as any candidate for office can be before the vote is cast.

His record as a legislator is a remarkable one. He has always been successful in securing appropriations essential to the state institutions located at the capital. It is worthy of note that never in a single instance during his fourteen years service in the house and two in the senate has the legislature failed to allow funds for improvements at the state house, reform school or insane asylum, and frequently for all three.

In a talk with Col. Veale this morning he said: "I have never come back empty-handed to the people who sent me

to represent them, and no effort of mine will be spared to maintain that record, of which I am naturally proud.

"I have made no pledges in regard to state printer or any other matter, except that I will do my duty as I see it, and I hoped my friends could depend on me to do the right thing. I am a Republican first and have always voted that ticket, except at times on local issues, and once when I opposed St. John for a third term. I have an abundance of good Republican company on those scores.

"About the charge made that I had signed an agreement to support Major Hudson for state printer, and placed the agreement in D. W. Mulvane's hands, there is not a word of truth in it. I have made no pledges, not even to George Crane. He will tell you so and the correspondence with D. W. Mulvane, that has been alluded to, was of a private nature except that it did put me right as to a charge made that I had said I would under no circumstances ever vote for Major Hudson. I said to Mr. Mulvane his own character for election and I have been very careful not to subject myself to the law in this canvass. I have been obliged to refuse money, or to loan it, consequently my expenses have been light."

### S. M. SCOTT LEADS.

The Young Populist Who Will Probably Contest This District With Curtis.

The Populist Fourth district congressional convention meets at Emporia next Wednesday. There seems to be no lack of candidates.

S. M. Scott, who is president of the state board of public works has the lead and will probably be nominated. John G. Otis of this city is a candidate, but will only receive four or five of the twenty votes of Shawnee county. Judge Foote of Marion will have some strength in the convention and will stand next to Scott.

The Shawnee county delegation will cast ten votes for Scott on the first ballot and the rest will be divided between Foote and Otis.

The other candidates are Harrison Kelley, Ed S. Waterbury and Dr. Wharton who was the Populist candidate against Curtis two years ago.

The railroads have made a half fare rate and many Topeka Populists will attend.

### RAILROAD ASSESSMENT.

The Missouri Pacific is to Be Higher, the Santa Fe Lower.

The board of railroad assessors has completed its work and the clerks commenced today to compile the figures.

The exact amount of the assessment can not be ascertained until the work is completed and this will require about a month.

Auditor Prather, who is a member of the board, says that the aggregate valuation will exceed the previous assessment by \$240,000. This includes new line, the Kansas City, Pittsburg & Gulf, which has been built from Kansas City through the southern part of the state and the new railroad bridge at Leavenworth. He says that the valuation of the Missouri Pacific will be higher and that the Santa Fe will be lower, but he could not give the figures.

### LOCAL MENTION.

Judge S. H. Snider has gone to Florida. The Coxey home guard will hold a meeting next Wednesday night for drilling purposes at the Populist league rooms on East Eighth street.

Sam Alexander, who was arrested in the Santa Fe yards for trespassing on railroad property, is a tough looking citizen, and is being held at police station on general principles.

James Bradford and Will King are two colored boys whom Officer Capron arrested for fighting on East Fourth street. One had a shovel and the other a hoe. Bradford was fined \$5 in police court. King will be tried later.

The superintendent of insurance will make an examination of the affairs of the New York Life Insurance company on June 30, in connection with the insurance commissioners of New York, Ohio, Texas, Missouri and Kentucky.

### MR. LINGAFELT'S PAPER.

It Was on a Subject Mighty Interesting in Newspaper Offices.

A. R. Lingafelt, of the Rock Island, and wife, who have been at Detroit the past week attending the national meeting of superintendents of telegraph, returned home yesterday. Mr. Lingafelt's mother, Mrs. A. C. Lingafelt, of Davenport, Iowa, returned with them.

Mr. Lingafelt says that nothing of particular importance was done at the meeting. It was simply to discuss the advancement of the profession. He read a paper on the "Inefficiency of the average telegraph operator to locate wire trouble." They were in session two and one-half days. There were no other representatives from Kansas present. The next meeting will be held at New Orleans on April 17th, 1895.

### IN RAILROAD CIRCLES.

Gossip Among the Railroad Men of Kansas.

Frank Henry of the Santa Fe boiler shop had his buggy smashed up some by a collision with a motor car at the corner of Fourth and Madison streets Saturday.

The tracks in the Santa Fe yards north of Second street are being overhauled. Besides attending to his official duties one of the Santa Fe day callers at Emporia combines the spiritual with the worldly by doing missionary and ministerial work.

The employees of the Santa Fe at Emporia, Florence, Newton, Hutchinson, Superior and other points will have a grand social reunion and picnic on Saturday, July 14th, at Winfield. A big time is anticipated.

The Santa Fe took a car load of eggs out of Emporia for New York City Saturday.

Dr. J. R. Fay, hospital superintendent of the Santa Fe, is making a trip over the western lines.

The aggregate gross earnings of the Atchison, Topeka & Santa Fe system since January 1 have been \$14,563,567, against \$18,011,301 in the corresponding period of 1893, a decrease of \$3,447,734, or nearly 20 per cent. The net earnings for the three months, ending March 31, 1894, were only \$1,736,225, a decrease of \$1,001,029, or over 35 per cent.

### SHOPS AND OFFICES.

Way car 105 went into the Santa Fe shops this morning with one end torn out and several freight cars in various stages of recent dilapidation are going in today.

All this is the result of a wreck on the Colorado division.

Al Hodge, assistant foreman of the Santa Fe paint shops, is the father of another boy born Saturday.

Santa Fe Conductor H. M. Marshall of the Kansas City to Newton passenger run, is off duty on sick leave.

A good many portions of the Santa Fe yards are well covered with water today, but not enough to stop work.

The extremely heavy rain of last night was general over the eastern division of the Santa Fe, but there were no washouts anywhere along the line and all trains are running regularly today.

General Auditor W. E. Jillett of the Santa Fe, arrived from Chicago today and will be in the general offices for a day or so before going on west.

General Manager J. J. Frey of the Santa Fe returned today from a short trip over the western divisions.

What, by the way, has become of the Santa Fe shops crack base ball team?

The "Unknowns" of the Santa Fe lower offices are the "Mud Wallowers" of the brick yard district had a game of ball on East Sixth street yesterday and the railroaders won, the score standing 9 to 0.

### SPIKES AND SPARKS.

Personal Notes Among the Railroad Shops at Topeka.

About one half of the men in the Santa Fe repair yards are laying off today as a result of the high water. Many of them live in Parkdale and their cellars are flooded.

New Richmond engines 916 and 917 have arrived at the Santa Fe machine shops to be put together.

Engineer Vincent Coggins of Santa Fe engine No. 733 is laying off this week on account of sickness.

Santa Fe Engineer Frank McKeon, who has been off duty for sometime past because of sickness in his family, has gone back to work again.

Engineer Wm. Rains is said to be the leading politician of the Santa Fe train service.

Two more men have been laid off at the Santa Fe shops. They were both upholsterers.

### RAILROAD RUMBLINGS.

Personal Notes Among the Railroad Shops and Offices.

Miss Virginia Goves of Rock Island Superintendent Hitt's office, is in the east

taking a vacation, and her place is being filled by C. F. Smith of the telegraph department. T. J. Wortham of Pawnee City, Neb., is taking Mr. Smith's place.

There were heavy rains all over the eastern division of the Rock Island last night and also good rains over the southwestern lines. There were no washouts.

S. M. Childs of the Rock Island will go west over the line today on business with the passenger agents along the lines.

The Union Pacific will have another one of its Sunday excursions to Kansas City next Sunday. This one will start from Beloit and McPherson and will get through Topeka about half-past 7 or 8 o'clock a. m. The round trip fare from here will be as before, \$1.50.

The improvements at the Union Pacific depot are still under way and will not be finished for several days.

### LADIES' AUXILIARY.

Of the Railway Conductors Celebrate Its Anniversary.

The Western Division Ladies Auxiliary of the order of Railway Conductors was a year old last week and celebrated it at the home of one of its members, Mrs. John B. Rae, at 230 Klein street. This division is a strictly Topeka affair and is composed of sixteen ladies, the wives of members of the Order of Railway Conductors.

The auxiliary bears the same relation to the O. R. C. that the Rebekah lodge does to the Odd Fellows, and is a great help to it in many ways. Nearly all the railway organizations now have ladies' auxiliaries and feel their elevating influence. The officers of the Topeka auxiliary are: President, Mrs. Etie Griffith; vice president, Mrs. Jennie Dodd; secretary and treasurer, Mrs. Belle Stockton. They meet at Knights of Pythias hall on the first and third Thursday's of each month.

### A Conductor Hurt.

A Missouri Pacific passenger conductor, L. O. Turner of Atchison was seriously hurt in Kansas City Friday night by Jim Corrigan. Corrigan approached Turner before his train pulled out and asked to be carried to Atchison. Turner refused, whereupon Corrigan attacked Turner, knocking him down and pounding him up in a shocking manner. Turner's nose was broken, and he was otherwise badly bruised, and had to be taken to the hospital.

### ARMATROD VS ARMSTRONG.

Wants \$10,000 for Alienating the Affections of His Wife.

J. W. Armatrod, the grocer at the corner of Euclid avenue and Clay street, has filed in the district court a suit for \$10,000 damages against T. E. Armstrong of the commission house of Armstrong and Kassebaum. Armatrod asks for damages on the ground that Armstrong alienated his wife's affections and is responsible for Mrs. Armatrod securing a divorce from him. The divorce was obtained before Judge Hazen early last week, and the case was not contested by Armatrod. He claims to have obtained since then positive proof of what he did not suspect before, that Armstrong has been alienating his wife's affections. To a reporter he said: "Armstrong has broken up my home and I propose to make him pay dearly for it. I supposed he was a good friend of mine, but his relations have just been discovered. I can prove by several of my neighbors that Armstrong used to visit with my wife several hours nearly every day when I was off attending to my grocery business."

Good friends are Armatrod's attorneys and S. B. Isenhardt is the counsel for the defendant.

### The Amos Carpet Cleaning Process.

Much satisfaction has accompanied the use of the Amos Carpet Cleaning Process, and every one who has seen the wonderful change caused by its application have been more than pleased with the surprising result. This preparation not only thoroughly cleanses the carpet on which it is used, but it restores its original colors and the old carpet is made to look like a new one. It is much cheaper to clean a good carpet than it is to buy a new one, and if the ladies of this city had the receipts for the Amos Process of cleaning their carpets would appear to be new for all time, by the use of this preparation. To this end and for the benefit of those who would desire to have their carpets cleaned, we have decided to have those who want it for use in their own homes. The formula can be procured by applying to Mr. Eugene Yates at the STATE JOURNAL office, after 8 o'clock in the afternoon to 9 o'clock in the evening, commencing Monday, June 18. It will be on sale for a few days, and I hope those who desire to have this formula will take advantage of this offer at once. I am yours most respectfully,

AMOS N. ESHLEMAN.

A Pennsylvania street car was going north the other night full of passengers when during a hail in the general conversation a little private talk between two wise misses of 8 years was heard.

Said one, "Your sister paints her face awfully, doesn't she?"

"No, she don't," replied the other. "She just powders her face."

"Why, it's just the same."

"No, it ain't, for I heard sister's bean tell her the other night he wished she would paint and not powder herself, as the powder rubs off on his clothes and face and paint won't."

Indianapolis Journal.

Getting Even.

"Cynthy," said Farmer Cornfossil, "everything's erant ready for takin' boarders from the city."

"Fur ez I kin see," was the reply. "Waal, they's jes' one matter I wanten to. It's an idee I got while I was to the hotel. The next time I go ter town I wanten git some signs printed ter hang 'em in the bedrooms."

"What'll ye say on 'em?"

"I'll jes' hev 'em read: 'Don't try ter turn the lamp out. Blow it.'"

### TERROR AMONG JOINTISTS.

Police Make Raids Among Liquor Sellers Near the River.

Charles Clements and Fannie Clements, his wife, were raided Saturday night for selling liquor. Their arrest on this charge is not a new sensation with them, but on the contrary, the police think they ought to be able to recite the liquor warrant from memory by this time.

Mr. and Mrs. Clements have operated what they term a "club" in Boogie's flats on East Crane street. It ought to be called Boogie's flats. They found one keg of beer on tap and some more kegs on ice ready for use.

At Clements' house on Crane near Quincy, two bottles of beer and some whisky were found and Mrs. Clements was arrested.

Later the house of Anna O'Hara, the last one on Smoky Row, being next to the Kansas avenue bridge, was raided. A keg of beer was found in the kitchen, and all three of the violators of the Murray law were taken to the police headquarters. Their cases have been continued until Saturday.

Much of Smoky Row is now in the toils of the law. Two jointists, just lately paid out, three are still in, and five are out on bail. Chief Lindsey says the rest are coming.

### Unable to Negotiate.

"You're taken up all of my time you're going to," said the woman at the kitchen door wrathfully. "I've told you I don't want any pins, towels, soap, lead pencils, stove blacking, combs or tin spoons. I'll give you just 10 seconds to get away from here."

"That reminds me, ma'am," said the peddler, opening his package again, "that I've got a little arrangement here for the accurate measurement of time, so you don't have to guess at it. It's generally used in boiling eggs and consists, as you see, of a little glass filled at one end with sand, which by simply inverting runs slowly through the wasp waist in the center down to the other end, registering accurately each and every time you use it and allowing about three minutes and 20 seconds for the boiling of an egg, which, as you know, is about the proper time if the water is boiling when the egg is put in unless you want the egg boiled hard, and every authority on wholesome diet will tell you, madam, that hard boiled eggs are unwholesome, causing indigestion and sometimes redness of the nose, for which there is no cosmetic that will."

By active exertions he managed to reach the corner of the kitchen and get around it before the dipperful of boiling water got there. —Chicago Tribune.

### The Little Sister's Revolution.

A Pennsylvania street car was going north the other night full of passengers when during a hail in the general conversation a little private talk between two wise misses of 8 years was heard.
